America Is the Land of Dreams and the Richest Country In the World...

Then Why Are So Many Americans Live in Money Stress Constantly Feeling They "Never Have Enough"?

In America from the times of Morgan and Rockefeller, Vanderbilt and Carnegie, the virtue of hard work has always been highly praised as a sure path to success. Then why do so many Americans work very hard, yet constantly feel they "never have enough" and many are in debt?

After having interviewed the wealthiest people in the nation, famous author of *Think and Grow Rich* Napoleon Hill concluded: "If you are one of those people who believes that hard work and honesty alone will bring riches, perish the thought. It is not true! Riches, when they come in huge quantities, are never the result of hard work... Ideas are the beginning of all fortunes."

But where do all rich ideas come from?

Irina Baker has lived and searched for answers both in Russia and America, earned three Master's degrees and devoted more than 20 years to spiritual and professional growth. She is a Spiritual Self-Awareness Mentor, a best-selling author and a speaker who appeared in front of different audiences from 10 to 600 people and shared a stage with such powerful speakers as Pit Bull of Personal Development™ and TV personality Larry Winget and Queen of Sales Conversion Lisa Sassevich.

Lewis Heller, M.D. Says It Best:

"I am Dr. Lewis. I am a physician, a medical hypnotist and a President of Arizona Society of Professional Hypnotists. We had an opportunity to have Irina come to talk to our organization about two months ago. It was an outstanding presentation in terms of content and the methods in which she was able to speak to us, connect to us and allow us to really feel the energy she possesses when conveying the message. If you are looking for a speaker who can bring energy to your group or organization and make a difference in your lives, this is a wonderful opportunity. Please consider Irina as a speaker at any event you are planning. Again, my name is Dr. Lewis Heller, and I whole-heartedly endorse Irina for her speaking. Thank you."
